

Ahead of its time

THE FULLY AUTOMATIC

Hot/Cold & Steam Cleaner

With the experience we have gained through the years — both in selling and servicing Steam Cleaners — it is not surprising that we have gained considerable knowledge of cleaning machines and their application.

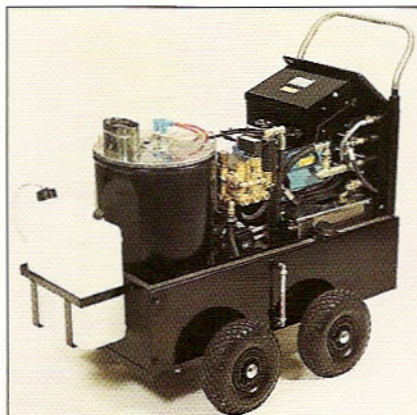

We have, therefore, combined our knowledge and experience with one of the leading British manufacturers, with forty years of experience, to produce a range of Steam Cleaning Equipment which we feel will give you performance, reliability, longevity and value for money, with ease of access to all components when service is required.

Design Features

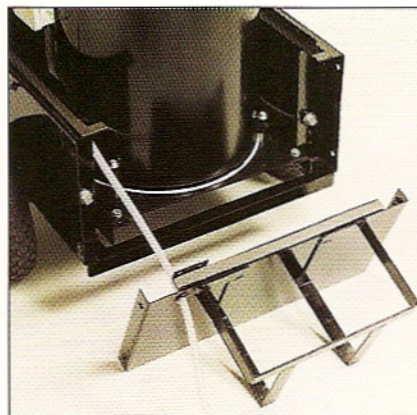

- ★ Fully automatic
- ★ Pump, motor directly coupled
- ★ Single rotary switch operation
- ★ Stainless steel cover and handle
- ★ Switch and warning lights, 24V dc
- ★ Water tank complies with Water Board regulations
- ★ Removable back panel allows fuel tank to be cleaned quickly and efficiently
- ★ Automatic shutdown of burner if water supply fails
- ★ Fuel level indicator
- ★ Automatic Stop & Start controlled from the gun
