Why Compromise

NEPTUNE 7

Industrial hot water pressure washer

- **SilentPower**
1450 rpm 50 Hz, 4-pole motors in every Nilfisk-ALTO NEPTUNE deliver dramatic reductions in sound level compared to 2-pole motors. They also extend the life time of the pump.
- **QuickService**
Maintenance costs are minimised because serviceability is maximised in the Nilfisk-ALTO NEPTUNE. Reduce service time by up to 25%.
- **ERGO System**
Offers maximum ease of use on spray guns, lances, nozzles and couplings. The comfort will considerably reduce the user's level of fatigue at the end of the cleaning operation
- **WDK Detergent system**
Patented self-cleaning valve allows you to select detergent A or B, and adjust concentration. Continual rinsing of the system avoids blockage or mixing of detergents.
